# About Company

Edufinpact Labs Pvt Ltd. is one of the India's leading training company rendering comprehensive Financial training services in the Corporate Domain, Educational Institutes and Individuals across India. It was established in the year 2022 (previously functioning under the name Infinite Financial Academy since 2018), with the aim of spreading financial literacy and making India a Financial Hub. Our team of experienced and knowledgeable trainers is dedicated to delivering high-quality, practical, and engaging training programs.

With thousands of candidates trained and placed in the BFSI sector we aim to continue spreading the knowledge and cater larger audience globally. We deal in professional qualification like CFP, CFA, NISM, Stock Market and Derivatives Training, Financial Workshops and Seminars , Practical Trainings, etc.

Training with the intention of creating efficient job seekers/creators; we had placed the candidates in reputed brands like Edelweiss wealth management, Bajaj Capital, ICICI Prudential AMC, Motilal Oswal, etc. Our training programs are designed to be flexible, scalable, and customized to meet the specific needs and goals of our audience, whether an individual looking to enhance the skills or an organization seeking to train employees, we have a solution that will fit's the requirements.

There is a gap between the educational qualification and demands of corporate industry which is one of the major reasons for unemployment, Lack of practical skillset is the reason for this gap.

"Skill development of new generation is the national need" is what our Prime Minister understood and thereby promoted the Skill Development Program in our National Educational policy. Withstanding the motive we at Edufinpact Labs Pvt Ltd focuses on the practical skill development of an individual to uplift and enhance the career as well as to reduce the gap of industry and thereby deliver a skilled professional. Financial literacy is the key for development and growth of an economy , enabling various job opportunities and increasing the employment levels thereby contributing towards the nation.

# CEO Message

Dear valued stakeholders,

I am honored to address you as the CEO of Edufinpact Labs Private Limited, I want to take a moment to express my gratitude to our employees, audience, shareholders, and partners for their unwavering support and commitment.

Despite the ever-changing dynamics of Education industry our organization has remained focused on our core values of innovation, excellence, quality and sustainability. Our team has been working tirelessly to deliver the highest level of service to our customers consistently.

It's an honor to deal with the educational system which lays the future of India with the vision of creating a better India we stepped into the system but when we dived deep we saw a clear gap between the theoretical knowledge and practical knowledge. Everyone is focused on the academics and trying to Rank number 1 but no one is focused on learning. The Rat race is fair until the real corporate demands comes to the picture. In the corporate industry the Number one is the one with practical knowledge and skillful approach, having qualities like critical thinking and problem solving, decision making, leadership, etc. besides knowledge. But knowledge being the priority. India faces massive drawback in terms of skilled professionals, we are a country of unskilled population and its time to change the same. Lets adopt a more practical approach with the intention of making a change and making India Atmanirbhar.

As we look to the future, we are committed to strengthening our position as a leader in our industry and serve our purpose. We will continue to invest in our people, technology, and processes to drive growth and create value for all of our stakeholders.

Thank you for your continued trust and support.

- MR. HIMANSHU MAYNE CFPcm

# *Vision*

1. To make India Financial Hub and a financially literate country.
2. To focus on not only urban India but also Rural India to be financially literate.
3. To create Skilled professionals in finance domain.

# *Mission*

# FINANCE LAB

---

Edufinpact Labs Pvt Ltd introduced the historical concept of practical learning of the financial concepts in education industry.

FINANCE LAB is launched with the motive and vision of creating financial literacy and stability in India. Not only the students but also the individuals already working in the financial industry lack the practical knowledge of finance domain. Theory based learning in education system is a major reason for this gap. Not only it is impacting the individuals professional skills but also the efficiency required from an employee in the industry and economy as a whole. Finance lab aims to eradicate the huge gap and work towards the growth and development of the economy.

India's unemployment rate is 8.5% which is at 86th rank in the world and major reason for the same is lack of practical knowledge and required skillset, Finance Lab can contribute in increasing the employability. Also Finance Lab can be a great contribution to India's Skill Development Program and eradicate the educational inequality.

## OBJECTIVES-

- Finance Lab aims to give exposure of Banking & Finance industry in practical manner.
- Achieving Financial independence and financial stability.
- Awareness of instruments available in the financial market and analyses for choosing the right one.
- Creation of skilled Professionals with required Knowledge and skills.

Great faculty who guide students whenever needed. Provide great assistance and support. Thankful to all teachers

**Sayali Mohite** ★★★★★

Experience with INFINITE FINANCIAL ACADEMY was excellent. The lecturer is excellent she was extremely knowledgeable, willing to help any student at anytime with any questions and have excellent presentation skills. The lecturer did a great job in covering the course material. His personality was lively and encouraged engagement from all students."

Thank you so much for this great course.

**Aayushi Mav** ★★★★★

They provide excellent educational services and frameworks to meet the quality standards . The process is grounded in the guidelines and recommendations that promote student learning and teaching effectiveness. One to one communication is also provided inorder to clear all the doubts.

**Mayuresh Thakur** ★★★★★

The course was very comprehensive and but they made it easy to understand. The instructors made sure that they are giving the information in a way that won't make me confused and doing their best to support learners. Great experience overall this year even though it had been mainly online. Teaching has been great and extra effort has gone into supporting us students .

**Diksha Wadekar** ★★★★★

One of the best teaching experience I've ever experienced till now. Very friendly and professional staff . If you are someone who wants to persue your career in finance field then this is the place for you.
